### About the course:

This qualification provides a trade outcome in carpentry, covering work in residential and commercial applications.

Occupational titles may include:

- Carpenter
- Carpenter and joiner.

This is a trade qualification for carpenters in residential and commercial workplaces. It includes setting out, manufacturing, constructing, assembling, installing and repairing products made using timber and non-timber materials.

Occupational titles may include:

- Carpenter – Commercial
- Carpenter – Formwork
- Carpenter – Residential

State and territory jurisdictions may have different licensing, legislative, regulatory or certification requirements. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work. Achievement of CPCWHS1001 Prepare to work safely in the construction industry meets this requirement.

### **Requirements:**

Thirty-four (34) units including twenty (27) core units and seven (7) elective units are required for the award of the CPC30220 Certificate III in Carpentry.

The 34 units that must be completed include:

- 27 core units
- 7 elective units comprising of:
  - a minimum of five units must be selected from Group A
  - the remaining can be selected from Group A or Group B
  - a maximum of two units can be selected from any group or current training package, as long as it contributes to a valid, industry-supported vocational outcome and maintains the AQF level of this qualification.

Units have been selected in accordance with the packaging rules and are relevant to the work outcome, local industry requirements and qualification level.

The latest release of the qualification and packaging rules can be found at the following link:

<https://training.gov.au/Training/Details/CPC30220>

### **Course Duration:**

This qualification will be delivered over 52 weeks, including 40 weeks of training and assessment spread over 4 terms of 10 weeks each and 12 weeks of holidays.

## Entry Requirements:

The Wales Institute has the following entry requirements:

International students must:

- be at least 18 years of age and have completed Year 12 or equivalent
- participate in a course entry interview to determine suitability for the course and student needs. The course entry interview will also assess whether students can use digital technologies
- have an IELTS\* score of 6.0 (test results must be no more than 2 years old). English language competence can also be demonstrated through documented evidence of any of the following:
  - educated for 5 years in an English-speaking country; or
  - successful completion of an English Placement Test at IELTS level 6.0.

\*Note that other English language tests such as PTE and TOEFL can be accepted. Students are required to provide their results so that it can be confirmed they are equivalent to IELTS 6.0.

## Delivery and Assessment:

The qualification is delivered over 52 weeks comprising of:

- Four (4) terms of 10 weeks each (40 weeks total)
- Holiday breaks, approx. three weeks in between terms amounting to 9 weeks (as specified in the timetable. This is subject to minor changes due to variations in the holiday schedule)

Students are required to attend 20 hours of classroom training per week to fulfil the volume of learning. The training and assessment schedule shows the weeks during which training is delivered, and assessment is conducted for each unit.

The total amount of training provided for structured classroom sessions is 800 hours, including student assessment preparation to completion, research, and supervised study, tutorial and training delivery. Thus, the total delivery and assessment hours are equivalent to the volume of learning—800 hours. A detailed breakdown of hours is provided in the Training and Assessment Schedule.

TWI operates a system of rolling enrolments, meaning that students may commence at the beginning of any unit. Students may enter the qualification after any unit, as there are no pre-requisites. The Training and Assessment Schedule is shown in terms and represents the scheduling of units on commencement. However, depending on when a student joins the course, the term number will vary.

TWI has decided on the course duration and amount of training, taking into account the AQF Volume of Learning, which is typically 49 weeks or 800 hours. The duration and amount of training provided will allow students the opportunity to absorb the required knowledge and skills fully. This duration is not reduced to account for existing competencies, as most learners will not have any prior relevant experience. However, where learners have prior skills and knowledge, they may apply for RPL or credit transfer, which will reduce the course duration if granted.

### **Pathways:**

Potential employment options include Learning and development senior consultant Manager, Learning and change management Manager, Learning and development in the workforce planning, and capability development in various industry areas.

Students who complete this course may also continue their education into a range of higher education qualifications in organisational learning and development.

### **Course Credit:**

Students may apply for recognition of existing qualifications or skills, knowledge or experience (credit-transfer or recognition of prior learning [RPL]). The granting of course credit may affect course fees as well as the duration of the course.

This process is outlined in TWI Student Enrolment and Completion Policy, and Associated Procedures such as Training and Assessment Policy & Associated RPL and Credit Transfer Procedures.
